HON. HARVEY HELM,

Lincoln County's Favored Son, Whose Chances to Represent This District in Congress Grow Brighter Each Day.

HUBBLE.

Miss Neil Johnson, of Lancaster, has returned to her home after a visit to Mrs. J. C. Eubanks. Dave Rankin was up from Wayne last week.

Wm. Curry has purchased a farm near Camp Dick Robinson and will move to it in the early fall. We regret very much to give up him and his good family.

Mrs. Mattie Hudson, of Somerset, is with her mother, Mrs. R. L. White. Mrs. S. H. Hickie and daughter, Miss Bessie, have returned to their home at Powder Springs, Tenn.

The protracted meeting at the Christian church closed Sunday night. Good crowds attended each night. The meeting resulted in six additions and the members were greatly benefited.

John Robinson sold some hogs to Wm. Lawson at 5c. Albert Sloan purchased some hay from G. A. Swinebroad at \$14 per ton delivered on the cars, to be shipped to the mountains.

Several small crops of wheat have been sold to Lancaster parties at 75c. T. C. Rankin bought a work mule of John Underwood for \$155. J. F. Rigney sold his two-year-old mules to M. B. Eubanks at \$85. Eggs have advanced on this market to 12½c.

James Rogers, of Hedgeville, is dangerously ill of pneumonia. James Engleman and wife are spending a few days with relatives here, before going to Colorado, their future home. Mrs. T. C. Rankin is on the sick list. John Chrisman has rented the Dr. Harlan farm of R. L. Hubble and will move to it Jan. 1. C. P. Blanks was here from Indiana last week on business.

LIBERTY.

Fair is all the talk now. Bro. Montgomery is at Brush Creek. Be sure to attend the fair next week. Most all the fair going people are at Columbus this week.

The band left Monday for the Columbia fair and have phoned back that they are having a royal time.

Mrs. Ella Wilkinson is visiting Miss Stella Hudson at Danville, who is very low with consumption. M. L. Sharp was in Danville on business. Mrs. Lena Giboney and children were shopping at Danville. G. R. Wilkinson left Wednesday with a drove of sheep for the blue grass. Mrs. Rachel Montgomery and Mrs. Moille Portman have returned from a visit to their old home in Adair.

James McWhorter, of Middleburg, was here on business. Mrs. Sarah McKinley and daughter, of Grove, were here Wednesday on business. Miss Jennie Belden, of Jeffersonville, is visiting her grandfather, Judge Belden. Gus Jeffries will be ring master at the fair. Miss Alice Cabell, of Hustonville, is visiting her sister, Mrs. W. D. Stagg. Judge Stone is assistant cashier at the bank while A. P. Young is attending the Columbia fair.

Boy Cured of Colic after Physician's Treatment had Failed.

My boy when four years old was taken with colic and cramps in his stomach. I sent for the doctor and he injected morphine, but the child kept getting worse. I then gave him half a tea-spoonful of Chamberlain's Colic, Cholera and Diarrhoea Remedy and was cured without having a doctor. I consider it the best cholera medicine in the world. There is no need of employing a doctor when this remedy is used, for no doctor can prescribe a better medicine for bowel complaint in any form either for children or adults. It never fails and is pleasant to take. For sale by W. N. Craig.

CEDAR CREEK.

Mrs. Sallie Pennington is at Preachersville attending the holiness meeting being held by Rev. Johnson.

There will be a meeting at Sugar Grove next Saturday night, Sunday morning and night. Everybody is invited to come.

Misses Moille McFadden and Beulah Edwards and Thomas C. Manuel visited relatives here last week. Mrs. E. O. Singleton attended the meeting at Preachersville Sunday.

Leonard Hampton has improved the appearance of his cottage by a coat of paint and paper. We think Leonard has been "keeping batch" long enough. It surely means something.

Elmore Siler and Oscar Manuel were painfully hurt at Sugar Grove school Monday. In trying to catch a ball, they ran together, the former sustaining a broken nose and the latter a gash in the head.

The organ that was bought for the Sunday school here, arrived Wednesday. We are very much pleased with it and wish to thank the people for their liberal donations toward helping pay for it.

Wallace Oliver, who was reported killed in a wreck at Lexington, is not dead, as was stated, and it is thought he will recover. He is a well known young man of Eubanks. He lost a limb and is now in the Lexington Hospital. He is a nephew of C. G. Ware, of this place.

Mitchell Whitt has gone to New Albany, where he has a good position. His family will join him later. Alford James visited his homefolks here last week. C. G. Ware and family visited relatives at Eubanks last week. Marvin McFadden was at home from the mountains Sunday. Miss Lula Chandler left Sunday to visit relatives at Springfield.

Mrs. Alford Tapp died at her home at Stonington, Ill., of cancer, from which she suffered for several years. She was about 37 years old and left here last spring with her husband and children to seek health, but the doctors there could give her no relief or encouragement. She had formerly lived at Rowland, where she had many friends. She was a member of the Methodist church.

PLEASANT POINT — There will be an ice cream supper at the G. A. R. grounds on the evening of Aug. 21, for the purpose of raising funds for a library for the school. Everybody is cordially invited. Mrs. Eliza Padgett, who has been sick for quite a while, is at the point of death. Miss Leesa Murphy has returned home from Winches- ter. Mr. and Mrs. Frank Scott accompanied her. Revs. Thompson and Carrier are holding a revival at the Methodist church near Kingsville. Tom Alford and family were visiting relatives near Ewell. Mrs. Maggie Singleton was visiting at Sam Reynolds' recently. Rev. Thompson began a meeting at Highland Sunday night.

Dysentery Cured Without Aid of a Doctor.

"I am just up from a hard spell of the flux" (dysentery) says Mr. T. A. Pinner, a well known merchant of Drummond, Tenn. "I used one small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy and was cured without having a doctor. I consider it the best cholera medicine in the world." There is no need of employing a doctor when this remedy is used, for no doctor can prescribe a better medicine for bowel complaint in any form either for children or adults. It never fails and is pleasant to take. For sale by W. N. Craig.

The buckboard was at Waab Brown's when the wheels were taken.

The Kentucky Feed Trough, being manufactured by T. L. Carpenter, was exhibited at the Lexington fair and met with the most favorable comment by all breeders of horses, mules and jacks. Testimonials from such men as C. F. McMeekin, Sanford Lyne, P. T. Gentry's Sons, John H. Morris, Ed Hopper and many others who are using them speak in the highest terms of this timely invention of the 20th century and that they would pay three times the price for them rather than do without them.

Leslie Cox, of Atlanta, Ga., secretary to President Wickersham, of the Atlanta and West Point railroad, is visiting friends in our city. He is a gentleman in its broadest sense and a business man of rare ability, and his friends in Kentucky are legion. Val Morse, Jerry Adams and O. S. Williams are "fishing" at Middlesboro this week. The growth of electrical power in the United States is shown by a preliminary and belated report from the Census Office: They do not include either telephone or telegraph figures, which will be issued separately. They represent central stations only, omitting isolated plants, plants operated by electric railroad companies, idle plants and plants undergoing construction. The concentration of these figures emphasizes the phenomenal development of electrical industries, showing that within specific limited category the capital invested in plants alone exceeds \$500,000,000, the gross income exceeds \$85,000,000 and salaries and wages amount to nearly \$21,000,000. These figures are the first and only authentic ones on electrical industries in the United States. There is no reason to doubt that the next bulletin will manifest during the year just closed the greatest progress made in applied electricity in any country in any year of the world.

It doesn't take long for some people to reach fame through fortune. Six years ago Pedro Alvarado, of Chihuahua, Mexico, was a barefooted peon working in a mine at 30 cents a day. He discovered the Palmito mine and his wealth is now estimated at \$85,000,000. He has no faith in banks and it is said that silver bars worth great sums are locked in a steel cage in his palatial home near Parral, constantly guarded by a strong force of men. Less than a year ago Alvarado took his first ride on a train.

The Democratic State Campaign Committee has opened headquarters at Seelbach's Hotel, Louisville. Room 47 will be the general headquarters, while 46 will be reserved for Judge S. W. Hager, the chairman. In addition to rooms 46 and 47, room 1 has been reserved for Mr. John A. Fulton, who will have need for a private apartment where he can attend to his correspondence without interruption.

THE last issue of the Danville Advertiser was a hummer.

POLITICAL.

The Republicans of the 23 Judicial district, in convention at Beattyville, nominated T. B. Blakey for Circuit Judge and J. R. Adams for Commonwealth's Attorney.

It has been discovered that Livingston McCarter, Republican nominee for State Superintendent, voted in the Democratic primary in Henderson county last March.

Nebraska Republicans in convention at Lincoln nominated J. B. Barnes for Supreme Judge and endorsed John L. Webster, of Nebraska, for the Republican nomination for Vice President. The platform endorses Roosevelt for the presidency.

Massachusetts Democrats are considering the nomination of Gen. Nelson A. Miles for governor, believing he could carry the State and be in line for the presidential nomination.

Many high-salaried clerks in the Post-office Department will be discharged "for the good of the service" because they had guilty knowledge of the frauds recently uncovered.

MIDDLEBURG.

Quite a number of youngsters took in the excursion to Cincinnati Sunday.

Rev. F. L. Creech, of Oddville, filled the Methodist church pulpit Sunday night.

Mrs. Emma Drye has been appointed postmaster at this place, vice the resignation of her brother, Jasper J. Wesley, to take effect Oct. 1st. The office will continue to be kept at the general store of C. L. Pruitt.

The republican county committee met at Liberty Monday and after some wrangling, a call, for a primary to be held Saturday, Oct. 3, for the purpose of nominating candidates for the offices of Representative and circuit clerk, was made.

Mr. Alval Lucas, who has contributed to these columns during the absence of the writer and since, happened to a very painful accident Monday by coming in contact with the further extremities of a mucus, (mule), which he has been training for the Liberty fair.

Mr. M. W. Jones, one of our best citizens, is very ill with symptoms of typhoid fever, and Dr. I. C. Dye, of Liberty, was taken suddenly ill at the residence of his son, W. T. Dye, Friday night, and was not expected to live Saturday, but afterward rallied and was able to return home Sunday.

News comes from Somerset to the effect that J. T. Hogue, of this place, who recently fell from a car while passing through Kings Mountain tunnel, is getting along nicely and on a fair road to recovery. Hogue's right arm was cut off close to the shoulder, and he was otherwise bruised up. He was a Q & C. brakeman.

The fair-going populace are now looking forward to the Liberty fair, which will begin on Wednesday next, continuing over Friday. The program is a lengthy one and good throughout, the premiums liberal. Stock from different sections of the Blue Grass will be on hand. The Mt. Vernon band has been engaged to render the music. The prospects for a successful meeting are most flattering.

The postmaster at this place is in receipt of advice from H. G. Rising, of Louisville, special agent and examiner of rural free delivery service, to the effect that he would be here Thursday, August 20th, for the purpose of investigating one rural route emanating from Middleburg; also that examination of applicants for the position of carrier. We will not be so premature as to predict the result, but there's hoping that the project will not "die a-borning", as most of them for this section do.

Mrs. Ellen Hicks, the beloved wife of Mr. Alex Hicks, and a most estimable lady, died Saturday, after a long and painful illness. She received a paralytic stroke in February last and has gradually grown worse. She had been married twice, her first husband being Randolph Cloyd, who died some 40-odd years ago, and to which union five children were born, two daughters and three sons, the latter, William, James and Thomas Cloyd. She soon after married Mr. Hicks, who with two sons and a daughter survive to mourn the loss of a devoted wife and loving mother. Deceased was in her 80th year and was a most devoted member of the Christian church.

There has been quite a religious awakening in this section of late, and which, let us hope, will result in lasting good. The revival closed at the Christian church Thursday night, with ten additions. This meeting was conducted by Elders C. E. Powell, of Stanford and the pastor, J. Q. Montgomery. Revs. L. G. Godfrey and F. L. Creech have just closed a successful series of meetings at Bruce's Chapel. Revs. W. R. Davidson, of Shelby City, and Wm. Tilford are in a protracted meeting at New Salem Baptist church. A protracted meeting will begin at the Middleburg Baptist church Monday night, Oct. 12, and will be conducted by Revs. George E. Baker, of Burnside, and the pastor, Rev. J. B. Ferrell.

MRS. CARRIE NATION has put tobacco on the black list with rum and now goes about knocking cigars, pipes and cigarettes from the mouths of smokers. This ought to be at least effective against the cigarette smokers, for, in addition to losing their "dope sticks," they are liable to get a clout on the nose. But reform can not always be secured without some cost.

HELPS FOR CONGRESS.—Stanford has only one candidate for Congress now—Hon. Harvey Helm, and in him we believe there is a sure winner. An agreement was reached between friends of Mr. Helm and those of Hon. R. C. Warren Wednesday morning, whereby the latter gentleman retired from the race. To make a long story short, this is the way the matter was settled: Mr. Warren selected Judge James P. Bailey, Messrs. George B. Cooper, Wm. S. Burch and Eph Pennington to represent him and Mr. Helm chose Messrs. S. T. Harris, R. R. Gentry, J. C. Reid and Joe T. Embry. They met at the court-house and several votes were taken on the question as to which of the gentlemen should continue in the race. The vote stood four to four for a number of ballots and then the change came. Mr. Helm received five votes to Mr. Warren's three and all was over. Mr. Warren cordially accepted the verdict and as usual will be found battling for democracy in season and out. While congratulating Mr. Helm, we feel a decided sympathy for Mr. Warren, who deserves something good from his party. For years he has done yeoman service and there has not been a campaign in which he did not take front rank in the battle against the republicans. No better democrat lives than this grand old war horse, who is as active for democratic supremacy in his own defeat as he is in his victory. Mr. Helm will now begin an active campaign and if he does not land the nomination it will be a surprise and disappointment to many. He is a splendid young democrat and his clean record and good work for the party he loves entitle him to anything he wants. He represented Lincoln county in the Legislature with credit one term and is now rounding out his second term as county attorney, which office he has filled most acceptably. He is a gentleman of commanding appearance, is well educated, can meet his opponents on the stump or in the bushes and in every way he is equipped to make the race for the high office he seeks. We believe he has an excellent showing to win the nomination and shall do all in our power to assist him to do so. Three cheers for the sterling young democrat and abundant success to him!

PARTY.—Miss Clara Cooper very delightfully entertained a number of her friends Wednesday evening in honor of Miss Angie Kinnard, of Lancaster. Games were indulged in and a tooth-some lunch was enjoyed.

THE meeting of the Lincoln County Medical Society at Crab Orchard Tuesday was a most interesting one, altho' it was not largely attended. Dr. H. Pitman, of Parksville, read a splendid paper on "Puerperal Fever" and the subject was discussed at length. Dr. W. J. Edmiston entertained the visiting physicians at the King Hotel, where a splendid dinner was spread.

AT a meeting of the county chairmen of the 13th judicial district, held at Danville, Aug. 17th, a convention of the counties of said district, to-wit: Boyle, Garrard, Lincoln and Mercer, was called for Tuesday, Sept. 1, 1903, at 2 o'clock P. M., at the court house in Danville, for the purpose of nominating candidates on the republican ticket for judge and Commonwealth's attorney in said district to be voted for at the November election of 1903. The said counties will hold conventions at the county seats on Saturday, Aug. 29, at 2 P. M., to select delegates to the district convention. The counties will be entitled to delegates as follows: Boyle 16, Garrard 16, Lincoln 19, Mercer 18. J. A. Blain, chairman.

THE Lexington Democrat pays our distinguished townsmen this handsome, as well as deserved, compliment: Judge M. C. Saufley, of Stanford, was in the city yesterday en route, to the reunion of Morgan's Command at Park Hill. The judge was a lieutenant in that famous command and made a record for courage and faithfulness that will forever be a crown of glory to him. He has filled many offices of honor and trust, since the banner of the lost cause was furled, and is now nearing the end of his second term as circuit judge in his district, a position he might have filled indefinitely but for a combination against him. He was one of the nominees of the Danville convention, and he and his friends thought he was justly entitled to carry the democratic banner again, but the State central committee decided otherwise, and he not only gracefully submitted, but went to work for his former competitor. This has further endeared him to the people he has served so long and well, and there is a general desire among them to reward him with a seat on the appellate bench. A reporter of The Democrat asked the

judge if he would be a candidate. He said that he had received many flattering appeals to announce himself, but while he had the question under advisement he was not able at this time to state positively whether he would or would not be a candidate, though he inclined to the opinion that he would be. Judge Saufley has the reputation of being one of the best judges in the State. His decisions are made with dispatch, and with such fairness and conformation to the law, that they are rarely reversed. Those who know him best say that he would make an ideal judge of the highest court in the State.

MATRIMONIAL.

Prof. John Noland, of Richmond, and Miss Annie Bailey, of Mercer, were married this week.

Miss Mary Sparks, of Nicholasville, and Marshal Guerrant, of Lexington, were married this week.

Beaupre proposed to her by mail about two years ago, but the bashful Ella held back until a few weeks ago. Following the marriage they will give a two weeks' exhibition in Butte and will then leave for New York, where they will proceed to make show managers feel the heavy hand of the giant trust, for they are at least half a foot taller than any similar freaks in the country.

JAMES P. BAILEY, Judge Lincoln County Court.

THE Albright Hotel, Brodhead, has made ample arrangements to accommodate guests during the fair. An excellent dinner will be served each day. J. H. Albright.

WITNESSED.—The Lincoln County Court, in the February term 1903, of the Lincoln County Court, called for said court, condemned and declared the present court house building insufficient for the purposes for which it was intended and unsafe for occupancy and directed that such action be taken as necessary to remedy the defects and avoid the danger complained of in said report of said grand jury and whereas said report of said grand jury has been presented to this court for consideration and the same having been considered, now, therefore, the whole court sitting, it is considered by the court that the public convenience and safety and the preservation of the public records require that the present unsafe and inadequate court house be removed and a new one erected on the site of the present court house lot, and it is so ordered.

An appropriation of \$40,000 for this purpose is hereby ordered, subject to the approval of the legal voters of Lincoln county to be ascertained as hereinafter directed and as required by law: For the purpose of providing fund thus appropriated for the object as aforesaid. It is further ordered that 40 one thousand-dollar bonds of the county of Lincoln be prepared as
